Calgary Renegades Class of 2011 Edition

Seven of the '93 Renegades put on high school graduation caps and gowns this spring, marking an exciting transition in life and looking ahead to exciting challenges and futures. Completing high school in grand style were: Elaine Block, Breanna Gadzosa, Alynn Reade, Brittany Duncan, Shelby Taylor, Mikayla Erickson, Raine Paul and former Renegades Jenna Sie and Fiona Spice. And they all dutifully followed the dictum of one of their principals who urged his students to "be productive, not reproductive!"

Also, three members of the Renegade family will be representing Canada in women's water polo at the 26th Summer Universiade in August in Shenzhen, China. Joining Canadian assistant coach Brooke Zimmerman will be Elise Martin and Alyssa Birch.

"Team Canada is vying to bring home its first FISU medal after a fourth-place result in 2009," said Canadian head coach Heather Kaulbach, a former national team player who acted as assistant coach and team leader at the Belgrade Universiade. "It will be a competitive event, with possibly five of the nine teams all capable of winning the banner."

In Shenzhen, Canada will compete in Pool A in the preliminary round against Great Britain (Aug. 12), Italy (Aug. 14), as well as defending champion and tournament host China (Aug. 16). The gold medal final is scheduled for Aug. 22.

The Chinese outscored the Canadians 16-7 in the 2009 semi-finals before defeating Hungary 12-8 in the championship match.

Pool B is made up of Russia, Australia, France, Mexico and the reigning FINA world champions, the USA. The Russians beat Canada 10-8 in the 2009 bronze medal game.
