

To The Calgary Renegades Girls Water Polo Club,

THANK YOU!

NAMES: Kauda Kamiyati & Babirye Azada

VILLAGE: Mauta

Thank you for the donation you made to His Hope Uganda to provide a toilet for a needy family. The money you donated was used to build a toilet for Kauda Kamiyati and Babirye Azada and their three grandchildren, Isma (5), Arafat (3), and Sharmid (1). Kamiyati and Azada are wives of the same husband, who died over 25 years ago.

Your generosity and support has provided these women with a safe and private toilet, and it has also given us an opportunity to show them the love of Jesus Christ. Please continue to pray for Kamiyati and Azada and their family.

God bless you.

Renegades Newsletter - Sept. 6

Making the World a Little Better Place Dept.

A new and what promises to be exciting Renegades season starts this week, but the first newsletter of the autumn will look at great things being done by Renegades out of the water.

With the help of Donna Banks and a former co-worker, last year's Renegades youth team went without Jugo Juices and other "essentials" of life to raise some money to help construct a new toilet for a needy family in Uganda.

This was Kamiyati and Azada's old toilet (left) and where they used to bath (right).

Their new toilet, with a bathing room on the left, gives them the privacy and safety that they deserve.

Thank you!

To all the girls on the Calgary Girls Renegade Water Polo team,
Thank you so much for your donation to build a toilet for a
needy family in Uganda.

Your donation and generosity has truly made a difference
in the lives of two very appreciative grandmothers and
their three grandchildren. They loved seeing your pictures
and reading your names.

It is inspiring and encouraging to know that there is a
group of young girls back in Calgary who have the hearts and
ability to make a difference way over here in Uganda.

Thank you and keep up the good work. We'll be praying
that you win all your games this year! God bless,

Kimi Toyota & all of us at His Hope Uganda

Renegades Doing Great Things in the Water

Welcome Back Torpedo's and Renegade Families

Wow! What a summer for so many club members -- so many kids will be coming back to club Polo 1 and 2 years more advanced than they left.

This summer 9 Torpedo Men (Scott , Oliver, Jared and Robin on the National team, Devon on the 94 National team, Paul, Lazar, Liam and Neven on the 96 National Team) and 10 Renegade Women (Emily on the National Team, Brooke and Elise on the FISU team, Kelly, Shelby, Rae, Julia and Cara on the Jr National Team, Sami and Kindred on the 94 National Team) represented Canada at various international events - in fact some still are -- Junior Women's Worlds September 11-17 -- with 5 of our girls on the roster of 13. Yes I know we could even have more!!

Mot special congratulations' to Sami and Kindred - Pan American U17 Gold Medallists !!!

I was lucky enough to watch the World Championships in China and a double thrill - to watch my Renegade daughter, Emily, play and come back the next day to watch four Torpedo 's play for our Men's team.

We must have a pretty special program and to that end I have worked over the summer to make sure we have as much quality as expected going forward:

Luke Catto having given us his heart and soul will be taking a coaching break to solidify his engineering career -- (don't know when but I expect him back some day sooner than later). To replace him we have secured the services of Olympian and 2005 Torpedo Senior National Champion Nathaniel Miller -- it wasn't easy to find a person of Luke's passion but if the past is any indicator Nathaniel will bring an outstanding competitive philosophy that leaves no stone unturned. Just a small piece of history Nathaniel previously coached Torpedo teams to Silver (Cadet) and Bronze (Youth) National medals .

I have also been able to sign full time my oldest daughter Julie Csikos to head up the U18 girls, she will team up with Ellen Rafferty who will coach, whenever possible and on most competitions, Ellen is pursuing a Masters degree in Saskatoon, much closer than Manchester !! These two along with cadet Head Coach Brooke Zimmerman and Bantam coach Hayley Wade gives us the most formidable group of young female coaches in the country.

Last season the Combined clubs had one of the best seasons ever for Calgary Water Polo - however this year we are even stronger -- the boys will build on their two medals last year Sr and Cadet , while the girls will defend their U18 title and look to retake the Cadet top spot and I think steal Gold from Montreal clubs for the first time at U22 . At the end of each season I calculate how we do vs all the countries top clubs last year my calculations had us second to CAMO -- that will not be acceptable this year. How about we raise the bar and shoot for the following medals in every Nationals with at least 3 of them Gold !!!

Wishing everyone a worthwhile and enjoyable season

John Csikos, Head Coach
